## ABOUT

Age: 20

I have been fond of Web development since 2018. Since 2020, I have been actively studying the Front-end direction. I can study the new technology myself without any problems. Always focused on the task until the end of its execution. I can solve the task in different ways. I acted as a team lead on a small project.

## LANGUAGES

English

Technical, I can read the documentation.

Russian

Ukrainian
